Request for

Joinder of Claims and Remedies

Commonwealth

SS

To The United States Supreme Court

1) Appellant, Gaetano Diamese, file this "Request for Joinder of Claims" of William Joseph Cunningham, Petition for Writ of Habeas Corpus, civil action no. 04-119 Eric. Said petition is now in front of Judge Sean McLaughlin, in the U.S. D. C. for the W. D. of PA., from Magistrate Judge Baxter report and recommendation, that it be dismissed and that a certificate of appealability be denied.

2) Mr. Cunningham is currently in the same block at SCI Forest with me. I am assisting him in filing objections to the report and recommendation. I have determined that it rised from the activity of the "State Monarchy" RICO Enterprise.
3) He was convicted on the testimony based on the opinion of law enforcement officers, who usurped his constitutional right to representation. The material fact of Mr. Cunningham

claim parallel those of the above caption. And are so related that the fact of the case give light to the working of the "State Monarchy", Judicial hierarchy, that I call "Judgerism". This hierarchy deprive the People of our proud Republic, by usurping the sovereign powers of Article I, section 10, clause 1 and Article II section 4, among others.

- 4) With the usurp power the "State Monarchy" by the hierarchy of the "Judgerism" has granted title of nobility to the Law Enforcement official. A citizen such as myself and Mr. Cunningham have been found guilty on the opinion of the Law Enforcement official only. In our Republic the people hold sovereign powers and the official are the servant of the people. Therefore a servant can't be of noble rank or hold to be morally superior. There by an official testimony can't be used solely to convict a People.
- 5) Pursuant to U.S.S.C. Rule 9 of original Jurisdiction and F.R.C.P. Rule 18, Joinder of claims and Remedies.
